BRAINERD DAILY DISPATCH.

VOLUME 6, NO. 107. BRAINERD, MINN., MONDAY, OCTOBER 8, 1906. PRICE TWO CENTS

TROOPS ARE LANDED

FIRST DETACHMENT OF AMERICAN SOLDIERS IS DISEMBARKED AT HAVANA.

DISARMING OF INSURGENTS

IS PROGRESSING MORE RAPIDLY AND WITH LESS TROUBLE THAN HERETOFORE.

Havana, Oct. 8.—The first landing of American soldiers in the present occupation of Cuba was accomplished with marvelous promptness, and 500 men of the Fifth United States infantry and 350 men of the Second battalion of engineers are now settled under canvas in Camp Columbia. The cruiser Brooklyn has arrived here with 900 men on board, who will be sent out to the camp early in the morning. General Frederick Funston has established headquarters at Marianao, convenient to his command. Colonel J. W. T. Waller, commanding the marines, has been ordered to report to General Funston and the entire force of regulars and marines will be under Funston's command until the arrival here of General J. Franklin Bell, who will direct the distribution of the forces throughout the island.

Within an hour from the time that the transport Sumner came alongside the railroad wharf the disembarking had been completed. The men's equippage and supplies were taken on freight cars by another route. The movement was so skilfully handled that the men prepared their midday meal from their own rations. They are in good condition and are pleased with the camp.

The disarming of former insurgents is progressing better. Reports from members of the disarmament commission in various provinces indicate that the trouble which was threatened Saturday may be avoided, although ex-rebels and volunteers in a few towns in Santa Clara province are still disinclined to be the first to disarm, and it is feared that American soldiers will have to be sent to back up the demands of the disarmament commission. Havana, Santiago, Pinar del Rio, Matanzas and Puerto Principe provinces are practically clear of rebels and show no signs of trouble.

Gratified at the Situation.

Governor Taft, Assistant Secretary of State Bacon and General Funston are gratified at the situation and believe that the difficulties in Santa Clara province will be overcome in a few days. So confident are they that Governor Taft and Mr. Bacon say they believe they will be able to start for home next Saturday. Governor Taft will spend the time after Tuesday in familiarizing his successor, Charles E. Magoon, with the situation. Mr. Magoon is expected here on that day. It is believed that after the arrival in Havana of the wives of Governor Taft and Mr. Bacon, the provisional governor will give a public reception at the palace to introduce Mr. Magoon to the people.

The Moderates and ex-rebels in Pinar del Rio are preparing a love feast. Senor Caines, a wealthy independent, is to give a dinner to the leaders of the two forces recently at war.

General Pino Guerra, who arrived in Santa Clara city Saturday night to disperse his men, was met by Governor Sobrado, a Moderate, and together the two men drove through the city. They are working in harmony in inducing the ex-insurgents to return to their homes. The rebels on the north coast, however, are reported as active. Havana province is fully pacified, with the exception of two commands of about 100 men each, under two brothers of General Del Castillo, who are encamped near Guiria. These men, however, will be disarmed soon. The Matanzas insurgents who had been operating in eastern Havana and who were disbanded Saturday, are reported to have all reached their homes.

Declined to Remove Mayor.

Commander Culver of the cruiser Des Moines, which is stationed at Santiago, reports that both the volunteers and ex-rebels at Banes and Manzaillo have been disbanded and that as far as he knew the entire province was quiet. Governor Taft, however, learned of slight trouble at Guantanamo occasioned by the demands of Liberals that the mayor of that place be removed. This Governor Taft declined emphatically, declaring that this would set a precedent which might compel him to consider similar demands from all parts of the island. General Recio of the disarmament commission telegraphed Sunday from Caguey that he believed all the rebels there would be disarmed by evening.

Dispatches received from Sancti Spiritus, where the Santa Clara commission is working, indicate that the ex-rebels in that province are not yet entirely reconciled to disarmament and General Machado has reported that volunteers fired on a rebel camp, causing a serious drawback to the operations. The disarming at Sancti Spiritus is proceeding, but the usual difficulty is encountered in that the ex-rebels seek to evade surrendering their guns while the volunteers still carry theirs. The situation there is especially irritating, as groups of volunteers with guns march up and down the streets and taunt the dispersed and disarmed rebels. In a fight Sunday an ex-rebel killed a comrade and fled to the mountains. The people of Sancti Spiritus are greatly dissatisfied with the mayor and police, and have petitioned for their immediate removal.

Governor Nunez and American Consul General Steinhart were sent by Governor Taft to Alquizar, Havana province, to settle a difficulty arising from two men claiming to be mayor. Senor Moineda, a Liberal, was elected to the office, but he took to the woods at the beginning of the revolution and Govenor Nunez appointed a man named Bazan to be military mayor. Moineda returned and claimed the office. Governor Taft and Governor Nunez held a conference and decided to recognize Moineda's claim. Bazan will be removed.

REBELS ATTACK POLICEMEN.

Several Officers Badly Cut With Machetes at Guines.

Havana, Oct. 8.—A delegation from the town of Guines came into Havana and reported to General Funston that a party of Asbert's disbanded rebels had entered Guines and attacked some policemen who have been suspended under pay since the arrival there of American marines. Several policemen were badly cut with machetes and the rebels threatened to kill the entire force. The people of Guines are in a state of considerable alarm. General Funston ordered Captain Phelan of the marines to co-operate with Captain Figueroa of the rural guards, and to exercise a special vigilance in view of a negro ball, which is being held in Guines.

DENATURED ALCOHOL.

Regulations Issued Controlling Its Making and Uses.

Washington, Oct. 8.—Mr. Yerkes, commissioner of internal revenue, with the approval of the secretary of the treasury, has issued the departmental regulations controlling the making of denatured alcohol, its handling and uses.

These regulations follow and render effective a law enacted by the congress at its last session and which provides for the withdrawal from bond, tax free, of domestic alcohol when the same is rendered unfit for beverage or liquid medicinal uses by the mixture of suitable denaturing materials, and for the use of the denatured article in the arts and industries, and for fuel, light and power. The law becomes effective Jan. 1, 1907.

This legislation is in harmony with similar enactments adopted by nearly all foreign countries. Great Britain in 1855 legislated on this subject along the same lines of our own law, and France, Germany, Austria and virtually all the continental powers now furnish their subjects alcohol free of tax for the uses above stated.

DOWIE HAS A "VISION."

Receives a Command to Abandon Plan for Mexican Colony.

Chicago, Oct. 8.—John Alexander Dowie's plan for a Mexican colony was abandoned in obedience to a command received by Dowie in a vision that came to him last Friday night, according to an announcement made by Deacon Arrington, one of Dowie's followers, who has remained loyal to the deposed prophet. The scheme, Deacon Arrington said, was relinquished in favor of another that contemplates the raising of $1,000,000 in Chicago for the purpose of restoring Dowie's power and prestige. All preparations for Dowie's departure for Mexico had been completed when in a vision the "First Apostle" declared he saw the Master. He was commanded, he said, to give up the Mexican project and seek the glory of Zion elsewhere.

Toadstools Kill Two Children.

Anderson, Ind., Oct. 8.—While the funeral services over the body of Myrtle Earl, seven years old, who died from the effects of eating toadstools, which were mistaken for mushrooms, was being held, her brother, Gordon, aged eleven, died in an adjoining room. Their mother, Mrs. Robert Earl, is unconscious and is not expected to live.

Severely Gored by an Elk.

New Haven, Conn., Oct. 8.—Chauncey B. McCormick, a Yale senior of Chicago, had a fierce tussle with an elk in a private park in Westville and after being severely gored managed to make his escape by climbing a tree. When taken from the tree later McCormick was almost unconscious.

LYNCHED BY A MOB

ARKANSAS NEGRO TAKEN FROM JAIL AND HANGED TO A TELEGRAPH POLE.

QUICKLY AND QUIETLY DONE

MASKED MEN OVERPOWER THE TURNKEY AND SPEEDILY DISPOSE OF PRISONER.

Argenta, Ark., Oct. 8.—H. Blackburn, a negro, was lynched here Sunday night by a mob. This is a sequel to the killing of John Lyndsay and the wounding of his son, Policeman Milton Lyndsay, here Saturday night, presumably by Garrett Colum and Charles Colum, negroes. Blackburn was charged with shooting two white men Sunday.

Will Harding was shot at 2 o'clock in the morning, presumably by negroes. Later James Masoney and A. L. Beldings, a newspaper man, were on their way to see the wounded white man, they were fired on from four directions and wounded.

At noon Blackburn was arrested, suspected of firing on Beldings and Mahoney.

Following the arrest, the officials swore in extra policemen to ward off a possible lynching.

At 10 o'clock at night four masked men entered the police station from the rear and one covered the turnkey with a pistol, while the others got his key, quickly unlocked Blackburn's cell and took him out the back way. Not a shot was fired. The proceeding was carried out so quietly that Policeman Pratt, Sheriff Kavanaugh and two deputies who were standing a few blocks away knew nothing of what was going on until they heard several shots fired at Main and Sixth streets. Running there they found Blackburn already dead, hung to a telegraph pole.

While Blackburn was strangled to death he was put out of his misery by several bullets fired by the crowd.

WRONG MAN LYNCHED.

Blackburn Not Believed to Be the Man Wanted.

Little Rock, Ark., Oct. 8.—Blackburn, the negro taken from the jail by a mob at Argenta and lynched, is not believed to have been the man wanted.

The free bridge between this city and Argenta was covered with negroes at night. Fully 800 deserted their homes in that city and came to Little Rock to spend the night.

The leaders stated that they were afraid to remain in Argenta after dark for fear of another outbreak by the whites.

Two residences and several frame business houses in Argenta have been burned by incendiaries.

NO MORE TROUBLE EXPECTED.

But Military Is Held in Readiness for Emergency at Macon.

Macon, Ga., Oct. 8.—Quiet reigns in this city and no further trouble is anticipated. The negro who shot Adams and Solomon Saturday night was sent to Atlanta for safe-keeping. The military is held in readiness in case of emergency.

The mob succeeded in breaking into the jail late Saturday night but the negro had been placed in the barracks under heavy military guard.

Adams and Solomon are in the hospital and the extent of their injuries has not yet been determined.

Green and Gaynor, the two federal prisoners convicted of frauds in the Savannah harbor expenditures, were in the jail while the mob hammered at the iron doors, and after entrance was made the noted prisoners mingled with the enraged crowd in perfect composure.

CONFER WITH ROOSEVELT.

Congressman Sherman and Senator Penrose Call at the White House.

Washington, Oct. 8.—Representative James S. Sherman of New York, chairmain of the Republican congressional committee, and Senator Penrose of Pennsylvania had a long conference with the president Sunday night at the White House on the political situation. Mr. Sherman was a guest of the president at dinner and discussed with the president in detail the congressional campaign throughout the country, especially the situation in New York. Later the president, Mr. Sherman and Senator Penrose conferred on the situation in Pennsylvania, particularly in the close districts.

Mr. Sherman reported to the president on the important phases of the campaign and of the situation in the close districts in various states.

ASSEMBLE AT HELSINGFORS.

Constitutional Democrats of Russia Holding a Congress.

Helsingfors, Oct. 8.—The congress of the Constitutional Democrats assembled here Sunday afternoon. There were present 171 delegates, representing 43 provinces and 4 territories. Prince Paul Dolgoroukoff was elected president, while M. Chisniakof and Prince Shakhovski were made vice presidents.

The most sensational feature of the session was an impassioned speech by Ivan Petrunkevitch, in which he eulogized Deputy Hertzenstein, who was murdered in Finland last July by members of the Black Hundred. He declared Hertzenstein's blood stained the souls of the opponents of the compulsory expropriation of land and that his monument was found in the gratitude of the Russian peasantry.

The committee report regarding the Vibors manifesto, as previously predicted, contained a formal approval of the document and the principle of passive resistance, but recognized the inexpediency of applying either at the present time.

In his address opening the session, Prince Dolgoroukoff expressed regret that the congress was compelled to ask hospitality of a people who had known how to win their freedom. He described the congress as a great historical and constitutional act, which would vastly strengthen the party in the coming electoral campaign.

M. Naboukoff, a former deputy from St. Petersburg, explained the constant conflicts which had characterized the debates in the late parliament, and said it was the first duty of the party to realize that the government could never be sincerely constitutional. The government views the act of Oct. 30 as an historical error explicable only by the theory of temporary aberration. Dealing at length with the growing strength and influence of the labor party M. Naboukoff said he thought the first parliament had committed a very grave error in allowing this party a preponderance of influence in framing the agrarian manifesto.

HILL'S BITTER CRITICISM.

Says Political Grafter Is Hurting Minnesota.

Chicago, Oct. 8.—Congratulated on all sides on closing the most stupendous deal since the organization of the United States Steel corporation, James J. Hill still carries bitterness in his heart.

Asked what would be the effect of his lease of Minnesota ore lands to the steel corporation, with reference to the development of the state, he said:

"Not what it might have been. Minnesota might, under certain conditions, have been the home of the huge steel works that now stand ready for operation at Gary. Most Minnesota people believe they have not the fuel handy, but they have. There are huge beds of peat on the range close to the iron deposits. It is a class of fuel admirably adapted to the use of iron manufacture.

"Lack of fuel is not the difficulty with Minnesota. The state is overrun with a peculiarly vicious type of political grafter whose influence for evil is so tremendous that no sane man entrusted with the investment of great capital would dare to locate works there."

SHEPARD NOT TO BLAME.

Justice Remsen Holds He Was Not Responsible for Fatal Accident.

New York, Oct. 8.—Justice Remsen, one of the coroners of North Hempstead, L. I., said that he did not see how it would be possible to hold Elliot F. Shepard for the killing of Kurt L. Gruner of Passaic, N. J., in the Vanderbilt cup race on Saturday.

The coroner inspected the scene of the accident on the Jericho turnpike and examined several witnesses who saw the tragedy. Justice Remsen held that Mr. Shepard was in no way to blame for the occurrence, as the roads were given over to the racing commission for the day and the victim was well aware that he was on the course at his own peril.

Mr. Shepard informed Justice Remsen that if he was wanted at any time he would appear before him.

Louis Wagner, representing France, won the Vanderbilt cup race; Lancia of Italy was second and Anton Duray of France third. The total distance of the race was 297.1 miles, and Wagner made the distance in 290 minutes, 10⅘ seconds, a speed of more than a mile a minute for the entire distance.

Chesapeake Bay.

Few people fully appreciate the great size of the Chesapeake bay. It is the largest indentation on the Atlantic coast, and it has often been called the Mediterranean of America. On its bosom the navies of the world could easily float. It is 200 miles long, and in some places it is forty miles broad. It has an area of over 2,000 square miles, and it shoots off into great rivers with an aggregate length of thousands of miles.—Baltimore American.

MRS. SCHWAB ROBBED.

Wife of Steel Magnate a Victim of Hotel Thieves.

New York, Oct. 8.—Mrs. Charles M. Schwab, wife of the former president of the United States Steel corporation, it has been learned, was one of many persons robbed at the Hotel Ansonia. A fan painted by Watteau and other valuables were taken from her apartments.

Frank F. Fanning, a carpenter, employed at the Hotel Ansonia, and Kate Gallagher have been arrested, charged with the thefts, which are said to amount to $20,000.

Report of Betrothal Denied.

London, Oct. 8.—An emphatic official denial of the reported betrothal of Grand Duke Michael, brother of the emperor of Russia, and Princess Patricia of Connaught, niece of King Edward, has been issued here.

MOB AFTER A NEGRO.

Excited Citizens Try to Get Slayer of Alfred Stevens.

Bloomington, Ind., Oct. 8.—Edward Jones, the negro who killed Alfred Stevens, has been taken to the jail at Indianapolis. The crowd which for a time Saturday night threatened to take Jones from the officers and lynch him was again in evidence Sunday morning and it was only by the determined efforts of the sheriff and his deputies that the excited citizens were prevented from capturing the negro.

George W. Hanley assured the crowd that Jones was not in the jail but was on the way to the Indianapolis jail. This was without effect and not until two committees appointed by the mob had searched the jail did the members disperse.

STEARNS is the only county in this congressional district that is not safely republican and the normal majority is in round numbers 10,000. The party is united on it's candidate for congress and the democratic hopes built on possible dissention have gone glimmering. Mr. Lindbergh will represent the Sixth district in congress after the close of the term of the present incumbent.

IF you are interested in the upbuilding of your state no better way to express that interest can be devised than to support for governor at the coming election the man who has the welfare of Minnesota at heart, rather than the man whose sole ambition is to build up and perpetuate a party organization. A. L. Cole in his contest for the governorship stands for something and his election means much to our future prosperity and the development and settlement of the portion of Minnesota that is yet in its infancy.

SENATOR NELSON has the pledged support of 165 of the 175 members of the next legislature. We do not wonder that receptive candidates for the position are scarce. Had not these pledges been made to Minnesota's brillian senator in advance his election would have been none the less secure, although it possibly might have given the handful of opposition a chance to have displayed their political enmity and to have separated themselves from some of their coin with the same result staring them in the face,

FROM THE STATE CAPITAL

The meeting at Minneapolis which was addressed by Senator Beveridge of Indiana was an object lesson for Republicans and for every one who favors the Republican cause. It was a brilliant audience of five thousand men and women who listened to the eloquent and entertaining senator, who painted in no uncertain words the work and glories of the Republican party. It was in marked contrast to the plea of the recent Democratic convention asking for the endorsement of Governor Johnson for the second term—and—W. J. Bryan for president in 1908. That is the feast to which the Republicans are bidden to partake. The speech of Senator Beveridge was a glowing tribute to that great Republican leader, Theodore Roosevelt, and the great work accomplished by the party of progress which has secured so much for the entire country and which has proven it is the party to be trusted in the future owing to its great record in the past. It is the party of Abraham Lincoln, the party of intelligence and progress and the only party which appeals to all of the people all of the time.

• • •

Senator Beveridge's account of what had been accomplished by the department of commerce, what has been done to curb and regulate the railroads which have fastened their tentacles upon the very vitals of the people, was a masterly exposition of what a great and earnest political party can accomplish for the public good. The holding in check of the trusts and making them comply with the laws which regulate them and give the enterprising business men of the country an opportunity to enter into competition in conducting their business affairs is a work which appeals to every thinking man who believes in the motto of "Live and let live." Under the guise of politics it is a life and death struggle for existence which is now in progress and thoughtful men look with alarm upon the future, if the great party which is fighting their battle is not overwhelmingly endorsed at the ballot box.

• • •

In a political as in a military battle it is not wise for the generals in charge to deceive themselves. "Over confidence" is the thing most to be guarded against. The skies certainly look bright for Republican success in Minnesota this year. The party is united and harmonious. Mr. Cole makes a splendid impression wherever he goes. The reports which reach the headquarters of the central committee are exceedingly rosy. In fact, there is not a cloud to be seen on the political sky. In spite of all this there is not as much interest taken in politics this year as could be wished and it is just as well for Republicans to admit to themselves that there is great danger that a great many Republicans will stay at home on election day. Success is absolutely assured if the Republicans wake up and come out to vote. In the nine congressional districts there are only two where there are contests (and these are not severe) and in several the Democrats have felt their cause so hopeless that they have not named a candidate for the slaughter. This lack of congressional contests makes people indifferent and careless about going to the ballot box.

• • •

The legislative contests, too, are not sufficiently numerous to bring out a full vote and in many Republican counties there is practically no contest for county officers. It is an off year generally in politics and it is probably shrewd politics on the part of the Democrats that in so many cases they have not named candidates to contest with Republicans for votes. At the same time the Democrats will bend every energy to bring out their vote to be cast for governor. They are ignoring everything else and their course is liable to lull Republicans into a feeling of security. Because there is no local contest in your locality it is well to remember that there is a real genuine contest as to who should be elected governor and that fact should induce the Republicans to rally and bring out their full vote. Towns and counties should be canvassed more with a view of getting out the vote which already belongs to the Republican party than to proselyte the people for conversions. There are Republicans enough to elect the nominee for governor by fifty thousand majority if they come out and cast their ballots; but will they? It will require hard and earnest work to bring out the Republican vote this fall. I do not write as an alarmist, but to be forewarned is to be forearmed, and I would rather see the Republicans thoroughly alarmed and win than lulled to defeat by over confidence. The feeling that success is sure is dangerous ground to stand on. The Democrats are active and alert. They have a personally popular candidate for governor. He has proven himself a vote getter. In the four or five weeks which remain before the polls close the war cry of the Republicans should be: "Stand up and be counted."

• • •

Come out on election day and do your duty by standing by yourselves. Remove all chance of having Minnesota in the doubtful column for the presidential ticket two years hence. There is no necessity for actual danger, but nevertheless there is real danger from over confidence. There are too many reports coming in which say: "But little interest is taken in politics this year"

DO NOT BE A BURDEN

H. P. Dunn & Co. Give Some Good Advice to Readers of the Dispatch

A weak stomach and its resulting ills are not natural. With proper care and the use of Mi-o-na stomach tablets, the very worst case of indigestion or stomach trouble can be completely cured.

It is a sin to deprive oneself of enjoyment in life and become a burden to others through indigestion.

The backaches, headaches, distress after eating, loss of appetite, gulping up of undigested food and gases are not natural. Mi-o-na stomach tablets used for a few days before meals will so strengthen the digestive organs that you can eat anything you want without fear of distress or resulting sickness.

The directions for taking Mi-o-na emphasize the difference between this remedy and the ordinary medicine that is given for indigestion. Mi-o-na is to be used before meals, strengthening the digestive system for the food which is to be eaten, while the ordinary remedy is taken after meals, and simply digests the food without strengthing the stomach.

H. P. Dunn & Co. have so much faith in the merit of Mi-o-na that they sell it under a guarantee to refund the money in case it does not cure. A 50c box of Mi-o-na will do more real good than a dozen packages of the ordinary remedies sold for indigestion. Then, too, it costs nothing unless it cures.

No sickly women or weak men will ever regret taking Hollister's Rocky Mountain Tea. It's brought happiness to thousands of homes. Tea or tablets, 35 cents. H. P. Dunn & Co.

ACTOR INJURED

Paul Hoffman, a Member of the Faust Company Fell From Train in Dakota

Paul Hoffman, a member of the Faust company that will appear here tonight, narrowly escaped death near Whapeton Saturday morning. As it was, he sustained serious internal injuries. He caught on the rear step of the last car of the train as it left Wahpeton, but found the vestibule door locked, and being unable to attract any one's attention to open it, he hung on to the rail until exhausted, when he fell off and was injured by the fall. He was picked up and brought to Fargo for treatment.

Result of Neglect.

In most cases consumption results from a neglected or improperly treated cold. Foley's Honey and Tar cures the most obstinate coughs and prevents serious results. It costs you no more than the unknown preparations and you should insist upon having the genuine in the yellow packages. H. P. Dunn & Co. mwfw

EIGHT MEET DEATH

NEARLY TWO SCORE OF OTHER PERSONS INJURED BY AN EXPLOSION OF GAS.

Philadelphia, Oct. 6.—Eight men were killed and nearly two score of other persons were injured by the explosion of illuminating gas in the Market street subway at Sixth street. High buildings were shaken by the force of the explosion and for a block on either side of the scene of the explosion nearly every window was shattered. The street caved in, halting traffic and resulting in a suspension of business. Fire followed the explosion but it did no damage to neighboring buildings. The loss, it is believed, will exceed $300,000. The dead are:

John Lawless, Frank Leans, Gato Benigno, Pittsburg; John Scott, Frank Beidelman, Frank Croller, R. Capero and John Pacy.

Beidelman was passing when the explosion occurred and was killed by flying debris. Leans and Benigno died in a hospital. Croller's body was recovered from the excavation by searchers.

The subway is in course of construction by the Millard Construction company for the Philadelphia Rapid Transit company. The exact cause of the explosion has not yet been determined. Thursday, workmen in the excavation discerned the odor of gas and the United Gas Improvement company, whose conduits run through the tunnel, were notified. Leans was sent by the company to find the leak and repair it. It was while he was making his investigation that the explosion occurred.

Heavy rains partly filled the tunnel with water and stopped work, otherwise there would have been a large force of workmen in the subway when the explosion occurred and the loss of life would have been frightful. There were comparatively few people in the neighborhood owing to the early hour. Trolley car passengers and pedestrians were among the injured.

Director of Public Safety McKenty, District Attorney Bell, Highway Chief Hunter and Coroner Jeremon are conducting an investigation.

AMUSEMENTS

Faust Tonight.

The finish or the apotheosis of Porter J. White's version of Faust is decidedly original; in scenic splendor and electric novelty it abounds. But three figures are presented—Mephisto, Marguerite and Faust. Faust would fain persuade Marguerite to escape with him by the aid of Mephistopheles, but in the instinct of her heart she finds an invincible aversion to the fiend; she chooses death and ignominy rather than life and love, if of his giving. At her final refusal, Mephitopheles proclaims that "she is judged," a voice from above that "she is saved," the action terminates: Mephitopheles vanishes from our sight, as into boundless space. At the opera house tonight. Prices 75, 50 and 25.

"The Umpire"

"The Umpire" comes to Brainerd on Wednesday, Oct. 10, bringing with it the prestige of the most remarkable of long runs in Chicago—350 performances —and the sanction of every theatre goer who has had the good luck to see it. When a musical entertainment is enabled to remain in one theatre for nearly a year, playing invariably to crowded houses it must possess elements of unusual merit and this the management of "The Umpire" claims for it. Among the reasons for its popularity are cited the modern nature of its theme and the modern methods of presenting it, the utilization of up-to-date features—football and base ball—a [illegible] melodious score, brim full of whistly hits, a book replete with refreshing comedy, a chorus of attractive singing and dancing girls and a snappy ensemble that fairly carries audiences away with it by its sheer spirit. In Manager Askin's cast will be found Fred Mace, Edith Yerrington, Guelma Baker, Margaret MacDonald, Harry Hanlen, Geo. Damerel, Helena Salinger, Bradlee Martin, Raymond Wells, Ether Pennington and many others. There is an attractive chorus of fifty.

The curtain will rise promptly at 8 o'clock for this performance and intending patrons are earnestly requested to be in their seats at that time.

STEARNS is the only county in this congressional district that is not safely republican and the normal majority is in round numbers 10,000. The party is united on it's candidate for congress and the democratic hopes built on possible dissention have gone glimmering. Mr. Lindbergh will represent the Sixth district in congress after the close of the term of the present incumbent.

IF you are interested in the upbuilding of your state no better way to express that interest can be devised than to support for governor at the coming election the man who has the welfare of Minnesota at heart, rather than the man whose sole ambition is to build up and perpetuate a party organization. A. L. Cole in his contest for the governorship stands for something and his election means much to our future prosperity and the development and settlement of the portion of Minnesota that is yet in its infancy.

SENATOR NELSON has the pledged support of 165 of the 175 members of the next legislature. We do not wonder that receptive candidates for the position are scarce. Had not these pledges been made to Minnesota's brillian senator in advance his election would have been none the less secure, although it possibly might have given the handful of opposition a chance to have displayed their political enmity and to have separated themselves from some of their coin with the same result staring them in the face,

FROM THE STATE CAPITAL

The meeting at Minneapolis which was addressed by Senator Beveridge of Indiana was an object lesson for Republicans and for every one who favors the Republican cause. It was a brilliant audience of five thousand men and women who listened to the eloquent and entertaining senator, who painted in no uncertain words the work and glories of the Republican party. It was in marked contrast to the plea of the recent Democratic convention asking for the endorsement of Governor Johnson for the second term—and—W. J. Bryan for president in 1908. That is the feast to which the Republicans are bidden to partake. The speech of Senator Beveridge was a glowing tribute to that great Republican leader, Theodore Roosevelt, and the great work accomplished by the party of progress which has secured so much for the entire country and which has proven it is the party to be trusted in the future owing to its great record in the past. It is the party of Abraham Lincoln, the party of intelligence and progress and the only party which appeals to all of the people all of the time.

• • •

Senator Beveridge's account of what had been accomplished by the department of commerce, what has been done to curb and regulate the railroads which have fastened their tentacles upon the very vitals of the people, was a masterly exposition of what a great and earnest political party can accomplish for the public good. The holding in check of the trusts and making them comply with the laws which regulate them and give the enterprising business men of the country an opportunity to enter into competition in conducting their business affairs is a work which appeals to every thinking man who believes in the motto of "Live and let live." Under the guise of politics it is a life and death struggle for existence which is now in progress and thoughtful men look with alarm upon the future, if the great party which is fighting their battle is not overwhelmingly endorsed at the ballot box.

• • •

In a political as in a military battle it is not wise for the generals in charge to deceive themselves. "Over confidence" is the thing most to be guarded against. The skies certainly look bright for Republican success in Minnesota this year. The party is united and harmonious. Mr. Cole makes a splendid impression wherever he goes. The reports which reach the headquarters of the central committee are exceedingly rosy. In fact, there is not a cloud to be seen on the political sky. In spite of all this there is not as much interest taken in politics this year as could be wished and it is just as well for Republicans to admit to themselves that there is great danger that a great many Republicans will stay at home on election day. Success is absolutely assured if the Republicans wake up and come out to vote. In the nine congressional districts there are only two where there are contests (and these are not severe) and in several the Democrats have felt their cause so hopeless that they have not named a candidate for the slaughter. This lack of congressional contests makes people indifferent and careless about going to the ballot box.

• • •

The legislative contests, too, are not sufficiently numerous to bring out a full vote and in many Republican counties there is practically no contest for county officers. It is an off year generally in politics and it is probably shrewd politics on the part of the Democrats that in so many cases they have not named candidates to contest with Republicans for votes. At the same time the Democrats will bend every energy to bring out their vote to be cast for governor. They are ignoring everything else and their course is liable to lull Republicans into a feeling of security. Because there is no local contest in your locality it is well to remember that there is a real genuine contest as to who should be elected governor and that fact should induce the Republicans to rally and bring out their full vote. Towns and counties should be canvassed more with a view of getting out the vote which already belongs to the Republican party than to proselyte the people for conversions. There are Republicans enough to elect the nominee for governor by fifty thousand majority if they come out and cast their ballots; but will they? It will require hard and earnest work to bring out the Republican vote this fall. I do not write as an alarmist, but to be forewarned is to be forearmed, and I would rather see the Republicans thoroughly alarmed and win than lulled to defeat by over confidence. The feeling that success is sure is dangerous ground to stand on. The Democrats are active and alert. They have a personally popular candidate for governor. He has proven himself a vote getter. In the four or five weeks which remain before the polls close the war cry of the Republicans should be: "Stand up and be counted."

• • •

Come out on election day and do your duty by standing by yourselves. Remove all chance of having Minnesota in the doubtful column for the presidential ticket two years hence. There is no necessity for actual danger, but nevertheless there is real danger from over confidence. There are too many reports coming in which say: "But little interest is taken in politics this year."

DO NOT BE A BURDEN

H. P. Dunn & Co. Give Some Good Advice to Readers of the Dispatch

A weak stomach and its resulting ills are not natural. With proper care and the use of Mi-o-na stomach tablets, the very worst case of indigestion or stomach trouble can be completely cured.

It is a sin to deprive oneself of enjoyment in life and become a burden to others through indigestion.

The backaches, headaches, distress after eating, loss of appetite, gulping up of undigested food and gases are not natural. Mi-o-na stomach tablets used for a few days before meals will so strengthen the digestive organs that you can eat anything you want without fear of distress or resulting sickness.

The directions for taking Mi-o-na emphasize the difference between this remedy and the ordinary medicine that is given for indigestion. Mi-o-na is to be used before meals, strengthening the digestive system for the food which is to be eaten, while the ordinary remedy is taken after meals, and simply digests the food without strengthing the stomach.

H. P. Dunn & Co. have so much faith in the merit of Mi-o-na that they sell it under a guarantee to refund the money in case it does not cure. A 50c box of Mi-o-na will do more real good than a dozen packages of the ordinary remedies sold for indigestion. Then, too, it costs nothing unless it cures.

No sickly women or weak men will ever regret taking Hollister's Rocky Mountain Tea. It's brought happiness to thousands of homes. Tea or tablets, 35 cents. H. P. Dunn & Co.

ACTOR INJURED

Paul Hoffman, a Member of the Faust Company F[illegible] Dakota

Paul Hoffman, a member of the Faust company that will appear here tonight, narrowly escaped death near Whapeton Saturday morning. As it was, he sustained serious internal injuries. He caught on the rear step of the last car of the train as it left Wahpeton, but found the vestibule door locked, and being unable to attract any one's attention to open it, he hung on to the rail until exhausted, when he fell off and was injured by the fall. He was picked up and brought to Fargo for treatment.

EIGHT MEET DEATH

NEARLY TWO SCORE OF OTHER PERSONS INJURED BY AN EXPLOSION OF GAS.

Philadelphia, Oct. 6.—Eight men were killed and nearly two score of other persons were injured by the explosion of illuminating gas in the Market street subway at Sixth street. High buildings were shaken by the force of the explosion and for a block on either side of the scene of the explosion nearly every window was shattered. The street caved in, halting traffic and resulting in a suspension of business. Fire followed the explosion but it did no damage to neighboring buildings. The loss, it is believed, will exceed $300,000. The dead are:

John Lawless, Frank Leans, Gato Benigno, Pittsburg; John Scott, Frank Beidelman, Frank Croller, R. Capero and John Pacy.

Beidelman was passing when the explosion occurred and was killed by flying debris. Leans and Benigno died in a hospital. Croller's body was recovered from the excavation by searchers.

The subway is in course of construction by the Millard Construction company for the Philadelphia Rapid Transit company. The exact cause of the explosion has not yet been determined. Thursday, workmen in the excavation discerned the odor of gas and the United Gas Improvement company, whose conduits run through the tunnel, were notified. Leans was sent by the company to find the leak and repair it. It was while he was making his investigation that the explosion occurred.

Heavy rains partly filled the tunnel with water and stopped work, otherwise there would have been a large force of workmen in the subway when the explosion occurred and the loss of life would have been frightful. There were comparatively few people in the neighborhood owing to the early hour. Trolley car passengers and pedestrians were among the injured.

Director of Public Safety McKenty, District Attorney Bell, Highway Chief Hunter and Coroner Jeremon are conducting an investigation.

AMUSEMENTS

Faust Tonight.

The finish or the apotheosis of Porter J. White's version of Faust is decidedly original; in scenic splendor and electric novelty it abounds. But three figures are presented—Mephisto, Marguerite and Faust. Faust would fain persuade Marguerite to escape with him by the aid of Mephistopheles, but in the instinct of her heart she finds an invincible aversion to the fiend; she chooses death and ignominy rather than life and love, if of his giving. At her final refusal, Mephitopheles proclaims that "she is judged," a voice from above that "she is saved," the action terminates: Mephitopheles vanishes from our sight, as into boundless space. At the opera house tonight. Prices 75, 50 and 25.

"The Umpire"

"The Umpire" comes to Brainerd on Wednesday, Oct. 10, bringing with it the prestige of the most remarkable of long runs in Chicago—350 performances—and the sanction of every theatre goer who has had the good luck to see it. When a musical entertainment is enabled to remain in one theatre for nearly a year, playing invariably to crowded houses it must possess elements of unusual merit and this the management of "The Umpire" claims for it. Among the reasons for its popularity are cited the modern nature of its theme and the modern methods of presenting it, the utilization of up-to-date features—football and base ball—a [illegible] melodious score, brim full of whistly hits, a book replete with refreshing comedy, a chorus of attractive singing and dancing girls and a snappy ensemble that fairly carries audiences away with it by its sheer spirit. In Manager Askin's cast will be found Fred Mace, Edith Yerrington, Guelma Baker, Margaret MacDonald, Harry Hanlen, Geo. Damerel, Helena Salinger, Bradlee Martin, Raymond Wells, Ether Pennington and many others. There is an attractive chorus of fifty.

The curtain will rise promptly at 8 o'clock for this performance and intending patrons are earnestly requested to be in their seats at that time.

MURDER IN MILL CITY

PROMINENT NEWSPAPER MAN IS SHOT DEAD BY A RETIRED SALOONKEEPER.

TRAGEDY FOLLOWS QUARREL

MURDERER OBJECTED TO HIS VICTIM'S ATTENTIONS TO HIS STEP-DAUGHTER.

Minneapolis, Oct. 8.—William A. Dowell, a prominent local newspaperman, was shot and killed by John Quirk because of attentions to his step-daughter, Miss Bessie Squires. The shooting occurred at the Quirk residence, 901 Chicago avenue, just as Dowell and the young woman were leaving the house. One bullet was fired, which took effect in Dowell's brain. Quirk calmly awaited the arrival of the officers and was taken into custody. Dowell was taken to the city hospital, where he expired in a few minutes. Quirk seemed pleased when told that his victim was dead.

Owing to Quirk's extreme disapproval of Dowell's attentions to Miss Squires the girl had left his residence and was boarding with friends. Accompanied by Dowell, she went to the Quirk home to call upon her mother. Quirk was home and flew into a rage on seeing Dowell, and a violent quarrel followed.

Dowell finally left the house, accompanied by Miss Squires. Quirk rushed upstairs as the couple went out and a moment later returned and followed them to the porch. Dowell started down the sidewalk when Quirk addressed him and more words followed.

Dowell, determined to put a stop to the scene, started on, but immediately Quirk drew a revolver and fired. Dowell sank to the sidewalk mortally wounded. Quirk walked into the house and went upstairs to his room where he remained until the police arrived.

Dowell was taken to the city hospital, where he died.

Quirk does not deny shooting Dowell, but declares that he killed Dowell in self-defense as the latter had drawn a knife and was about to attack him.

SHERIFF ELUDES A MOB.

Manages to Land His Prisoner Safe in the Penitentiary.

Columbia, S. C., Oct. 8.—J. E. Gaillard, one of the three white men shot by Henry Adams, alias Sam Small, at Manning, Friday evening, died from his injuries Sunday. Adams was an employe of Cole Bros.' circus and became involved in a difficulty just as the train was departing for Sumter. At Sumter a mob was formed for the purpose of lynching the negro, but Sheriff Muldrow evaded the mob by taking the prisoner from the train and driving across the country to a station on the Seaboard Air Line, where he boarded the train for Columbia. Adams was placed in the penitentiary for safe-keeping.

BASEBALL SEASON IS ENDED.

Chicago Teams Win First Honors In Major Leagues.

Chicago, Oct. 8.—The baseball season of both major leagues ended with games at Chicago, St. Louis and Cincinnati. For the first time since the two big leagues have been organized both championships have come to one city, and to one city also goes last place in both leagues, Boston.

The Chicago National league team won first honors in that organization easily. Taking the lead early in June and holding it to the end, it established a new major league record for number of games won. Of the 153 games played by the team 116 were victories, the previous best record in this respect having been held by the New York club in the same league.

In the American league, the Chicago team upset all calculations by winning the pennant. The contest was not decided until last week, the New York team being within striking distance of the leaders until Oct. 3, when a defeat at Philadelphia put them out of the running. An equally hard struggle for second place was not decided until two days later, when Chicago defeated Cleveland and took away the Ohio club's last chance to overhaul New York.

The last games in the two leagues resulted as follows:

National League.

At Cincinnati, 2; Pittsburg, 5.

At St. Louis, 3; Chicago, 3—eleven innings; ended by darkness.
